WINDSOR REGIONAL HOSPITAL
OUTSTANDING CARE – NO EXCEPTIONS!

Interventional Radiologist

Transform Patient Care – One Guided Procedure at a Time.

The Department of Diagnostic Imaging at Windsor Regional Hospital invites applications from dedicated and skilled Interventional Radiologists to join our collaborative and expanding team on a full-time basis. This is an exciting opportunity to engage in a comprehensive Interventional Radiology practice, encompassing a diverse range of both vascular and non-vascular procedures, while also contributing your expertise to general diagnostic radiology services.

Join a supportive environment that fosters professional growth and offers opportunities for academic involvement through our affiliation with the esteemed Schulich School of Medicine & Dentistry.

Why Choose Diagnostic Imaging at WRH?

- Utilize and expand your skills in a broad spectrum of IR procedures, including:
  - Vascular: Angiograms, angioplasty/stenting, embolization, thrombectomy/thrombolysis.
  - Non-Vascular: Vertebroplasty, ablation, pain management procedures, and more.
- Enjoy a dynamic role that combines specialized interventional procedures with core diagnostic radiology services.
- Become a valued member of our cohesive radiology group, contributing to CT, MR, US, X-ray, and fluoroscopy services.
- Engage in potential academic involvement through our affiliation with the Schulich School of Medicine & Dentistry, fostering continuous learning and teaching possibilities.

Your Responsibilities Will Include:

- Providing expert consultation and performing a wide array of interventional radiology procedures (both vascular and non-vascular).
- Accurately interpreting and reporting diagnostic imaging studies across all modalities (CT, MR, US, X-ray, fluoroscopy).
- Participating actively and equitably in the general radiology on-call roster.
- Collaborating effectively and professionally with referring physicians, surgeons, and other healthcare team members to ensure optimal patient care.
- Demonstrating an unwavering commitment to the highest standards of patient safety and quality of care.
- Contributing positively to a collegial and professional work environment within the department.

What you bring to Our Team:

- Successful completion of a Fellowship in Interventional Radiology is **essential.**
- Certification, eligibility for certification, or equivalent international recognition deemed comparable to the Royal College of Physicians and Surgeons of Canada (FRCPC) standard in Diagnostic Radiology
- Eligibility for full licensure to practice in Ontario with the College of Physicians and Surgeons of Ontario (CPSO).
- Demonstrated ability to work effectively within a team and a strong dedication to providing exceptional patient-centered care.

If you meet these qualifications and are passionate about making a significant impact in the field of diagnostic imaging, we encourage you to submit your application.

OUR MISSION: PROVIDE QUALITY PERSON-CENTRED HEALTHCARE TO OUR COMMUNITY.

Why Windsor-Essex?
The Windsor-Essex area is ecologically rich with extensive parkland, along with a southwest location that extends warm weather activities such as golfing, gardening, and water sports. Windsor offers the unique opportunities of a larger metropolitan area and the benefits of a smaller community. Located in a vibrant border city, Windsor offers an exceptional quality of life. The region boasts a lower cost of living compared to other major Canadian cities and a short commute time, giving you more time for what matters most - your home and family. The city is rich with cultural attractions, beautiful waterfront parks, and a diverse culinary scene. It's an ideal place to establish a practice and enjoy a balanced lifestyle.
